

Exclusive Invitation to Exhibit at the TSP Summer Conference / YPS Retreat 2026

August 29 - 30 | Hyatt Hill Country | San Antonio, TX

Dear Esteemed Colleague,

We are thrilled to extend this invitation to your esteemed organization to exhibit at the upcoming 2026 Summer Conference & YPS Retreat, set to be held this summer. This specialized event is dedicated to empowering and connecting young pathologists, providing a unique platform for learning, networking, and professional development.

This meeting services as a pivotal gathering for emerging talent in the field of pathology, offering a rare opportunity for exhibitors to connect directly with the next generation of leaders, innovators, and trailblazers in pathology. To ensure an impactful experience, we are limiting exhibition opportunities to only ten companies.

You won't want to miss this opportunity!

- 1. Exclusive Access to Emerging Talent:** Engage with young pathologists, residents, fellows, and medical students who are eager to explore career opportunities, learn about the latest advancements, and connect with industry leaders.
- 2. Networking Opportunities:** Forge meaningful connections and build relationships with the future leaders of pathology, laying the foundation for potential collaborations, mentorship opportunities, and long-term partnerships.
- 3. Brand Exposure:** Showcase your organization's products, services, and opportunities to a highly targeted audience of young professionals, positioning your brand as a supporter of career development and professional growth within the pathology community.
- 4. Thought Leadership:** Participate in interactive sessions, workshops, and discussions designed to inspire and educate young pathologists on emerging trends, best practices, and career pathways within the field.

By participating as one of our exclusive exhibitors, you'll not only contribute to the success of the Summer Conference & YPS Retreat, but also play a vital role in shaping the future of pathology by investing in the development and mentorship of emerging talent.
